

PERMIT APPLICATION

1. Complete this application legibly and submit it along with the required application fee and information detailed below. The applicant for a permit may be the owner or the owner's agent (contractor, architect, etc.). Please note that although the application fee is non-refundable, it will be applied toward the total cost of your permit(s), with the balance due at pick-up.
 2. If you have any questions concerning your application, please contact Kraft Municipal Group at (610) 777-1311. If no one is available when you call, please leave a message stating your name, municipality, address, contact information and details pertaining to your permit application.
 3. Permits will be reviewed upon submission of a completed application. Reviews will take place in accordance with state, municipal and zoning requirements. (Note: unreadable applications will be deemed incomplete and denied accordingly)
 4. PLEASE NOTE: No construction may begin without paying for and receiving your approved permit. Performing work without a permit will result in the doubling of permit fees.

PERMIT APPLICATION

AGREEMENTS

By applying for this permit, I acknowledge that all information provided in this application is accurate and that the work performed will comply with the approved permit as well as local and state laws. I understand that by submitting this application, I am not permitted to begin work until approval has been granted and that the fees for the permit may be doubled if work starts without a permit. I understand that if I give false information regarding this permit application that any permits issued based on this information will be invalid and the municipality could initiate legal proceedings against me, which could result in fines, imprisonment, the improvement being removed at my expense or any other legal remedy appropriate under the circumstances. I certify that the code administrator or the code administrators' authorized representative shall have the authority to enter areas covered by such permit at any reasonable hour to enforce the provisions of the code(s) applicable to such permit.

I assume the responsibility of locating all property lines, setback lines, easements, rights-of-way, flood areas, etc. Issuance of a permit and approval of construction documents shall not be construed as authority to violate, cancel or set aside any provisions of any municipal ordinances or any other governing agency. I hereby certify that I understand the applicable codes, ordinances, and regulations.

I certify that I am fully aware of and acknowledge that construction on or use of any property may be significantly restricted or totally prohibited by Federal Law. Lands that are identified as "wetlands" by the United States Army Corps of Engineers cannot be used unless and until a permit is issued by the Corps. Before commencing subdivision, construction or any other improvement of any land, the owner or their agent should contact either the Corps of Engineers or a qualified professional to determine whether or not said land could be considered either in whole or in part a "wetland." The Corps has the authority to require the removal of any improvement placed within a "wetland" by the owner of such land regardless of the cost of the removal or other effect upon the landowner. No agent or employee of the municipality in which this work will be performed has made any effort to determine whether or not all or a portion of said land constitutes a "wetland". The granting of a building permit, occupancy permit, onsite sewage disposal permit, or subdivision approval by the municipality does not in any way imply that the land does not constitute a "wetland," or that a permit has been issued by the corps to place an improvement upon the land, or that it is not necessary to determine if any portion of the land constitutes a "wetland." Any person who proceeds with subdivision, construction, or the placing of any building or structure upon land without prior Corps review and/or approval does so at their own risk without any responsibility on the part of this municipality, its agents, or employees.

I further certify that I have not buried any solid waste on the property of this application. I acknowledge that the Commonwealth of Pennsylvania Solid Waste Management Act specifically prohibits the disposal of solid waste except at legally permitted landfills. I understand that violation of this act may result in prosecution by appropriate agencies of the Commonwealth.
